Response to Amendment

Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 17 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 17, it is unclear if the filter wire is being positively recited as an element of the device for removing a filter from the body lumen. line 5 indicates that it is not, but line 7 indicates that it is. Clarification and correction is required.

Allowable Subject Matter

Claims 1-3,6,7,10 and 11 are allowed.

Response to Arguments

Applicant's arguments with respect to claim 17 have been considered but are moot in view of the new ground(s) of rejection.
